

Technical Data Sheet: ZDF81000B

Double Sided PE Foam Tape

ZDF81000B is a black PE foam tape designed for home appliance decoration panel bonding and metal/plastic frame bonding. Also, it is suitable for industrial applications where high temperature, UV resistance, good moisture resistance and dimensional stability are required.

Characteristics

- Very high adhesion and holding power
- Provide a good feature for cushioning, stress levelling and gap filling

Applications

- Suitable for application that requires high thickness, high bonding and holding of high load such as mirror mounting, glass mounting in the oven, car plate, emblem and fixing of big plastic profile for example, indoor advertisement signboard

Properties

Properties	ZDF81000B
Tape Colour	Black
Tape Thickness (μm)	1000 ± 50
Tensile Strength (N/25mm)	17
180° Peel Adhesion (N/25mm)	15
Initial Adhesive (N/25mm*25mm)	22
Temperature (°C)	-20 ~ 80
Holding Power (1kg, 25mm x 25mm) (Hrs)	≥ 48
