

Technical Data Sheet: ZDF81003B

Double Sided PE Foam Tape

ZDF81003B is a black double sided PE foam tape with solvent acrylic adhesive. It has reliable bonding effect, especially good bonding strength to the irregular surface material and can be applied in various kind of applications.

Characteristics

- Good bonding strength

Applications

- Suitable for application such as name plate, ornamental etc.
- Also suitable for irregular surface material

Properties

Properties	ZDF81003B
Tape Colour	Black
Tape Thickness (µm)	1100 ± 10%
Adhesion to Steel (30mins dwell) (N/25mm)	> 1.5
Holding Power (1kg, 5.76cm ²) (mins)	> 1440
Temperature Resistance (°C)	80
