

Technical Data Sheet: ZDF81100W

Double Sided PE Foam Tape

ZDF81100W is a white PE foam tape designed with acrylic adhesive. The foam tape provides good initial tack and high adhesion to a wide variety of surfaces.

Characteristics

- Good initial tack
- High adhesion to a wide variety of surfaces

Applications

- Suitable for mounting, sealing, and use as gasket for irregular surfaces
- Can be used for nameplates, sign, and displays

Properties

Properties	ZDF81100W	Standard
Tape Colour	White	-
Tape Thickness (µm)	1100	-
180° Peel Adhesion (gf/10mm) Steel ABS	800 700	ASTM D3330
Dynamic Shear (kgf/cm²) Steel ABS	6 5	ASTM D1002
Static Shear (g) At 23°C At 66°C	1000 250	ASTM D3654
