

Technical Data Sheet: ZDF8601B

Double Sided PE Foam Tape

ZDF8601B is a high foaming double-sided tape, constructed with black PE foam carrier and solvent acrylic adhesive. With reliable bonding effect, especially good bonding strength to irregular surface material, it can be applied in various kinds of application.

Characteristics

- Good bonding effect and good bonding strength
- Can be applied to irregular surface materials

Applications

- Suitable to be used in various kind of application such as nameplate, ornamental, etc.
- Also it can make up for the irregular surface material

Properties

Properties	ZDF8601B
Tape Colour	Black
Tape Thickness (μm)	600
Peel Adhesion (20mins dwell) (N/24mm)	≥ 13
Static Shear (24mm x 24mm) (Hr)	≥ 72
Initial Tack (14# Steel Ball) (mm)	≤ 50
Solvent Resistance	Good
Temperature (°C)	80
