

Technical Data Sheet: ZDF8602B

Double Sided PE Foam Tape

ZDF8602B is a high quality black polyethylene foam with high performance acrylic based pressure sensitive adhesive. It is ideally suited for general use in industrial field. The acrylic based pressure sensitive adhesive provides satisfying adhesion power to many kinds of substrate such as metal, ABS, PET, PC PU and etc.

Characteristics

- Stable adhesion strength
- Environmental and RoHS compliant
- Supplied on a removable liner for easy handling and die-cutting

Applications

- Suitable to be used as light-shielding screen on LCD frame
- Use as sealing piece in general industrial field
- Can be used to fix electronic component and provides cushion function
- Can be used as well to fix the mechanism in furniture, mobile and electronic products
