

Technical Data Sheet: ZDT8102

Double Sided Tissue Tape

ZDT8102 is a double-sided adhesive tape of tissue as backing and coated with acrylic pressure sensitive adhesive on both sides.

Characteristics

- Excellent adhesion and holding power
- Good bonding effect to various kinds of materials

Applications

- Suitable for nameplates and membrane switches and etc.

Properties

Properties	ZDT8102	Standard
Tape Thickness (μm)	100	GB/T7125-2014
180° Peel Adhesion to Steel (20mins dwell) (N/24mm)	≥ 15	GB/T2792-2014
Static Shearing (24mm x 24mm) (min)	≥ 1440	GB/T4851-2014
