

Technical Data Sheet: ZPI-84871

Polyimide Film

ZPI-84871 is a polyimide film with thickness 0.125mm with good insulation and heat resistance

Characteristics

- High insulation performance
- Good high temperature resistance

Applications

- Suitable for a wide range of high temperature and insulation protection applications

Properties

Properties	ZPI-84871	Standard
Colour	Amber	-
Thickness (μm)	125	ASTM D3652
Temperature (°C)	-100 ~ 260	-
Surface Resistance (Ω)	$>1 \times 10^{12}$	ASTM D257
Flammability	V-0	UL94
