

Technical Data Sheet: ZSMP6082BL

Single Sided MOPP Tape

ZSMP6082BL is a single sided sky-blue MOPP tape special natural rubber adhesive system. Used as budling tape for various industries with excellent tensile strength, bonding strength, abrasion resistance and moisture resistance. It is also use as holding tape for office automation and appliances, leaving no adhesive residue on the surface of the pasted object when removed.

Characteristics

- Excellent tensile strength where it is not easy to be stretched and deformed during use and prevents parts from being displaced during transportation
- Can be removed without residues and discoloration. No glue residue left after removal from different surfaces such as glass, plastic, wood, metal and etc,
- Reliable bonding performance on various surfaces

Applications

- Suitable to be used for packaging of various industrial production
- Suitable to be used as holding tape for office automation and appliances

Properties

Properties	ZSMP6082BL	Standard
Tape Thickness (µm)	80	-
Tape Colour	Sky Blue	-
180° Peel Adhesion to Steel (N/25mm)	7	ASTM D3330
Elongation at Break (%)	30	ASTM D3759
Tensile Strength MD (N/cm)	190	ASTM D3759
