

Technical Data Sheet: ZSP6088BL

Single Sided PET Tape

ZSP6088BL is a single sided tape with PET backing coated and rubber based adhesive.

Characteristics

- Excellent high temperature resistance
- Good adhesion

Applications

- Suitable to be used as holding and protection purpose which require clean and no staining.
- Suitable to be used for fixing components inside refrigerators and other household appliances such as printers and other in line production and during transport

Properties

Properties	ZSP6088BL	Standard
Tape Thickness (μm)	80	ASTM D1000
Peel Adhesion to Steel (kg/25mm)	> 0.6	ASTM D3330
Holding Power (Hr)	> 24	-
Temperature Resistance ($^{\circ}\text{C}$)	100	-
